AURORA'S POST-GRADUATE COLLEGES

Aurora's Post Graduate Colleges

Aurora's Post Graduate Colleges are constituents of 'Aurora Group of Institutions' one of the largest Educational Group in the state of Telangana. They have been contributing significantly to the academic excellence in the fields of Management and Computer Applications since its establishment in 1995. The institutions are well known among the students and parent communities owing to the dedication in imparting quality education. It has been accredited by NAAC with 'A+' Grade in 2018, in the first cycle of accreditation itself, indicating excellence in academics, student development, research and extension activities comprehensively.

The institutions have been organizing various activities, training programs, conferences and workshops to promote continuous learning and inculcate research orientation among the students and faculty at regular intervals. To quote a few are National Conferences on Talent Management, Foreign Direct Investment: Issues and Challenges, Cashless Economy: Problems and Prospects, Staff Development Program on Marketing of Services, Workshop on Research Analysis using SPSS etc.

Internal Quality Assurance Cell

The Internal Quality Assurance Cell (IQAC) is formed in the year 2017 with an objective of improving Quality in the functioning of the institution in Academic, Administrative and Auxiliary areas. The prime task of IQAC is to develop a system of conscious, consistent and catalytic improvement in the performance of the Institution in all the areas of its functioning. IQAC has been instrumental in promoting institutional excellence since its establishment. A number of events and programs are planned and organized successfully till now in association with other cells and committees of the institution.

Research and Development Cell

The Institutions have a dedicated Research and Development (R&D)Cell which aims at nurturing research culture by promoting research through training, orientation, developmental programs which are aimed at upgrading faculty qualifications, encourage publications and motivate other research endeavors. The R & D cell has been active in registration of copyrights, patents and IPR's too. The increasing number of research publications in UGC listed journals and reputed databases is an indication of the effective functioning of the Cell.

Training Program on UGC NET

Qualifying in National Eligibility Test (NET) and State Eligibility is essential for recruitment of faculty at various levels in universities, colleges, institutions as well for the award of research fellowship for deserving candidates in the form of Junior research fellowship and senior research fellowship, as per the regulations of University Grants Commission (UGC). Hence it is becoming necessary for the aspiring candidates who want to pursue career in teaching and who wish to pursue research, to get qualified in this prestigious national level examination. However, majority of the aspiring candidates lack necessary guidance and training on this examination especially at institutions and hardly any orientation is provided to the needy.

Keeping in view the need for training on qualifying for 'UGC - NET', Internal Quality Assurance Cell of the institution in association with Research and Development Cell has designed a week long training program with various modules with an aim to provide the necessary inputs for the aspirants of NET/SET in 'Management' discipline. It contains various modules of Paper-I and Paper-II along with practice sessions and mock tests to enable the participants qualify the examination with ease.

Key Modules	
Paper-I <ul style="list-style-type: none">• Research Aptitude• Higher Education System• Reasoning• Comprehension• Data Interpretation	Paper-II <ul style="list-style-type: none">• General Management• Marketing Management• Financial Management• Human Resource Management• International Business
